Everyone needs a refresher now and then!

Take the AAA Driver Improvement Program to relearn the basics of defensive driving and learn current driving practices. According to state law, Connecticut drivers who complete the class and are 60 years old and older are eligible to receive a 5% discount** on their auto insurance. The program is not a driver education program for novice drivers but one that's aimed at drivers with several years of experience who wish to improve or refresh their driving skills.

Those who complete the 4 hour course will be mailed a certificate of completion.

*Some insurance companies offer this discount at age 55 so be sure to contact your insurance carrier.

**The discount does not cover uninsured motorist coverage, rental reimbursements nor towing or labor costs. Check with your insurer for details.
