

Planning for Social Security:

What the new rules mean for your retirement

Tuesday, September 19

5:30 – 6:50 p.m.

Farioly Program Room

The changes made to Social Security rules in 2015 may have a significant impact on your retirement. When and how you claim your Social Security retirement benefits is a complex decision which can substantially increase your income. Should you retire at 66, or wait? Do you know what retirement benefits a spouse or ex-spouse is entitled to? This free workshop will help participants maximize, project, and protect their Social Security and other retirement income.

About the Presenter: R. Joseph Knudsen of the HIQS Group - Insurance, Benefits, Financial Services - has been serving the Danbury community since 1996.
