GLASSES™ Aging and Caregiving from a New Perspective

Wednesday, May 9 at 1:00 pm

Disrupt Aging in Your Community is a 90-minute interactive workshop designed to offer participants an opportunity through dialogue to learn about the myths, stereotypes, and research around aging.

This session will offer research conducted over the last year by AARP CT and community collaborator and consultant, Donna Fedus of “Borrow My Glasses.”

It offers a new way to look at aging.
