

Senior Paw Project Lunch and Learn

Tuesday, December 3 at 12:00 noon

The Catherine Violet Hubbard Foundation created the Senior Paw Project to address the critical and growing needs of seniors who are struggling to keep or care for their pets. The program provides accessible veterinary care, fostering if a senior leaves the home for rehab or a hospital stay, transportation assistance to veterinary appointments and pet food, all which honors the treasured bond between animals and humans, which as we know combats social isolation and loneliness. In addition, the program looks for foster homes for senior dogs and cats, as they are 4 times more likely to remain in a shelter while younger animals get adopted much quicker. The program serves Newtown, CT and surrounding towns and they will discuss over lunch who they are, what they do, and answer any questions.

**You must sign up in advance
for this lunch and learn.**
